

**REQUEST FOR INFORMATION**  
**U.S. Special Operations Command**  
**WARGAME CENTER**  
**2020 UPGRADES**

**FEBRUARY 17, 2017**

Mission: The U.S. Special Operations Command (USSOCOM) Wargame Center (WGC), in collaboration with stakeholders, designs and conducts Senior Leader Seminars, and other events, that allow senior leaders to understand complex problems and develop solutions.

The USSOCOM WGC is a 3500' square foot facility designed specifically for multi-system visual display of information in order to enhance and support seminars involving senior US government and military leaders, foreign dignitaries, and other VIPs. USSOCOM's WGC has a full schedule of planned seminars held throughout any given year, and also has the capability to provide secure ad-hoc briefings in support of short-notice senior leader engagements, as may be required. In an effort to stay current with ever expanding technology capabilities, USSOCOM is currently in the planning stages for the 2020 upgrades to the Wargame Center.

Specific upgrades for this RFI: USSOCOM is interested in understanding industries' capabilities to provide a projector system with 3D and other advanced technologies with the ability to display 4K+ quality images on a 32' x 20' screen. Projectors will be mounted vertically to display on the 32' x 20' screen floor. While no decibel level is specified, projectors must be quiet enough to be used during events without interfering with the presentation or discussion. Enclosing or housing the projectors and/or external coolers in some manner, to reduce the operating noise, is acceptable.

Below are pictures of the current set-up for the Wargame Center.

### **INDUSTRY DAY:**

USSOCOM will be hosting an industry day on Thursday, April 20, 2017 at 0900 in the Wargame Center. Seating is limited to 74 participants and only two individuals from each offeror may attend. No cameras, cell phones, or electronic devices of any kind are allowed in USSOCOM facilities. Violations will cause the removal of the individual(s) from the facility. Interested vendors may ask questions of the current WGC staff in attendance.

### **VISIT REQUESTS**

Send visit request providing individual names, Driver's License number and state of issue for each visitor, to the Contracting Officer listed in this RFI. Include in your visit request the name of your company, CAGE Code and DUNS Number. A bus will pick-up non-DoD individuals at the MacDill AFB, FL visitor center at 0830. Badged individuals should meet at the front of building 501 at 0845 hours. Late attendees will be turned away and not allowed entry.

### **DELIVERABLES**

Interested vendors should provide a 10 – 15 page white paper detailing their experience in projection capabilities and specific details of the equipment they believe would satisfy this requirement to the USSOCOM WGC. Also include a Rough Order of Magnitude price purchasing ALL required equipment, installation costs

and annual maintenance costs of their equipment. Include estimated life cycle of equipment and maintenance schedules.

Some vendors may be asked to show their proof of concept either at a site visit of existing installed equipment or at a location of SOCOM's choosing.

White papers and the ROM will be due NLT Monday May 1, 2017 at 1200 hours Eastern Time. Send required information to the contracting officer, Mr. Jerry McGhee via email at [jerry.mcghee@socom.mil](mailto:jerry.mcghee@socom.mil) . Late submissions will be rejected.

### **QUESTIONS ABOUT THIS RFI**

Questions prior to Industry Day are due in writing to the Contracting Officer no later than Monday March 6, 2017 at 1200 hours Eastern Time. Send questions via email to: [jerry.mcghee@socom.mil](mailto:jerry.mcghee@socom.mil)

### **CONTRACT**

There are no guarantees of a follow-on contract for this requirement. The Government is currently in the planning stages for these upgrades to the WGC and is currently conducting market research to assess what capabilities exist. If this does turn into an actual requirement, it is anticipated that this effort will be competed in Fiscal Year 2020 as a full and open competition.

### **CONTACT INFORMATION**

For questions concerning this RFI, please contact the Contracting Officer, Mr. Jerry McGhee at 813-826-3470 or email [jerry.mcghee@socom.mil](mailto:jerry.mcghee@socom.mil)
